

Theses

From this page, you can find:

- A partial list of available topics for Bachelor's and Master's Degree theses;
- The theses currently in progress;
- A list of the most recently discussed theses.

Most of the theses are for Bachelor's and Master's degrees in Computer Science Engineering, Artificial Intelligence, Mathematics. A few are suitable for management Engineering too. Many more topics might be available, besides those listed here. And if you have a topic, or company has a problem to be solved through Operations Research or Artificial Intelligence, just send us an email, and we will schedule a meeting.
